## So here is the news

October was a great month for us, we provided raffles at the Club and held a fabulous barbecue on Sunday 27th. The Club allocation of raffles provides our main fund raising event and we thank all those people who either contributed by purchasing a raffle ticket or donated their time to help sell raffles, write up the board or just assist.

## Special thanks

Our section would not survive if it were not for these people and of-course the Members. It is not possible to thank each person individually as the list would be too long, but I hope we have expressed our thanks to you all. Our social gatherings are a special part of our section and we hope to continue these in the future.

## Open Forums

Another month of Open Forums has provided our members with a variety of topics, some very social and we trust you have gained something from the presentation or simply met someone new. With Christmas fast approaching we may run into problems with the use of the Café area but we will keep you posted of changes.

## Help desk

We are still providing assistance to our members with a Help Desk by arrangement on a Monday night, however most members know that if you really need help we will do our best to provide what you need with all care and no responsibility and no charge.

Below is an excellent photo of our gathering for the barbecue, 45 people attended to enjoy the food and the afternoon together.

## Best of the Web [World's Largest Cave](#)

Bored Panda published this article on the [World's Largest Cave](#) that was discovered in Son Doong, Vietnam. The photo set comes from the National Geographic site and is credited at the bottom of the article.

These photos are breath-taking. I literally caught my breath in awe when I first saw them. And I've been waiting with great anticipation to share them with you.

Navigation is easy, just scroll down the page. The pictures have captions beneath them. If you'd rather view it as a slideshow, click on the first image and then use the right and left arrows to click through all thirteen images. If you decide to go the slideshow route there are no captions for the images. You can click See Full Article beneath the photos on the slideshow to navigate back to the main article.

You definitely want to read the introduction paragraph if you want all the details about this natural wonder. It has all the vital statistics you might need, and explains how it was discovered. Click [here](#) for the site.
